

COVID 19 – OPEN MEETING ZONE

© CAP Solutions

The most important facts at a glance

In times of even longer lasting measures of the Federal Government to slow down the spread of the Covid 19 virus, especially the risk groups have to be well protected. These include people in the over-70 age group, who often spend their old age well looked after in nursing homes. In order to make visits possible during these times, we have developed the "Covid 19 open meeting zone". Here a visit can take place in a completely relaxed manner, without physical contact and without the transmission of dangerous droplets.

The "Covid 19-open visitor zone" is a modular system of sound-absorbing walls, a safety glass pane to prevent droplet infection and a partition wall as well as 2 storage boards. It can be assembled and disassembled in a very short time, and can be used later if necessary without the partition wall.
