

## Phonebooth **BEN**

### **BEN – The most important things at a glance**

BEN is the Eco version of our Phonebooth models. It has a sturdy steel framework and wall panels with hanging inner and outer surfaces. In this model, the floor panel was deliberately omitted in order to enable a flat floor surface. Due to the sound insulation when talking on the phone, the working environment is not disturbed during concentrated work.

- ✓ 1.5 hours assembly time (2 men excl. Contribution)
- ✓ Integrated ventilation
- ✓ LED Lighting
- ✓ Customer-configurable interior
- ✓ Wide range of colours
